Our Funeral Pricing Explained

A typical funeral will include 4 elements:

1. Funeral Directors Services

Professional Services

The personal attention of our professionally trained staff to discuss, plan and arrange the funeral service for your loved one, including: advice on registering the death, liaising with HM Coroner (Procurator Fiscal in Scotland) as required, assistance with completion of necessary statutory documentation, collection of documents and delivery to the relevant authorities, making all necessary arrangements for the funeral service, providing help and guidance regarding the various options available, providing help and guidance to personalise the funeral arrangements, making arrangements with and providing confirmations to appropriate third parties, assistance with composing the wording and the placing of newspaper notices and announcements, assistance with the ordering of floral tributes, assistance with the layout, design and ordering of orders of service and condolence stationery, dealing with any enquiries regarding the funeral service, receipt and care of floral tributes prior to the funeral and transporting them to the funeral service, provision of a detailed written estimate of all charges relating to the funeral service, provision of additional information regarding the services available from third parties, attendance of our Funeral Director throughout the arrangements and the co-ordination of all aspects of the day of the funeral, on-going assistance and support, as required, both before and after the funeral, and the complete use of our funeral home facilities, including use of our Chapel of Rest/visiting room.

Transfer and Care of the Deceased

We regard caring for your loved one as a privilege and this is a responsibility we take very seriously. We are committed to providing the highest standard of professional care of the deceased at all times, including: the attendance of our professional, trained staff and the provision of a private ambulance or other suitable vehicle, complete with all the necessary equipment and supplies, to convey the deceased from a local address, nursing home, hospice or hospital to our premises at any time of the day or night in a dignified and discreet manner, the provision of suitable mortuary facilities to properly hold and care for the deceased whilst in our care, to attend to preparation and professional care of the deceased, including dressing them in their own clothes or a suitable gown, the provision of staff to assist family and friends when visiting our Chapel of Rest to spend time with your loved one.

Embalming (optional)

We recommend embalming as the best possible care for your loved one. It is a specialist treatment carried out by our professional staff, that preserves and sanitises, creating a natural and comforting lasting image until the funeral service. If you would like to see or spend time with your loved one before the service, embalming is beneficial as it will provide a better experience for family and friends visiting them in our Chapel of Rest. Where the deceased will not be viewed, embalming ensures the dignity of a loved one is preserved and maintained until the funeral service takes place.

Ceremonial Vehicle and Staff

On the day of the funeral: provision of a modern motor hearse to convey the deceased to the place of service and then to the crematorium or cemetery (alternate vehicle types may be available at additional cost). Providing all the necessary staff, dressed in the appropriate livery, to attend the funeral.

Please Note: If a horse-drawn or other specialist hearse is requested, we will still provide the motor hearse as outlined above, to convey any floral tributes and to accompany the funeral cortège.

2. Your choice of Coffin or Casket

We will provide all the guidance you need, so you can choose the coffin or casket that is right for your loved one. We offer a wide range of traditional, natural and personalised coffins and ashes caskets.

3. Your choice of any Optional Services

We will advise you on the various additional services available, as listed on our Optional Services Price List.

4. Disbursements

Disbursements are payments made to third parties made on your behalf. (These may include, for example, crematorium or cemetery fees, officiant or minister fees, doctors' fees for cremation, etc). We will fully quote these costs on our estimate.

Payment of the Funeral Account

We request, in advance of the funeral taking place, full payment of Disbursements & Additional Expenses plus 50% of the total cost of the Funeral Director's Services. Your Funeral Arranger will advise you of the amount required in advance of the funeral. You may, should you wish, choose to pay the full funeral account in advance.

Please Note: Payment is due within 21 days of the date of invoice. If the account remains unpaid after this date, we reserve the right to charge a fee in order to cover our administration costs for the recovery of any debt. Interest may also be charged to your account on any remaining balance.

There is no need to wait for probate. If sufficient funds are available, settlement can usually be made directly from the deceased's bank account without having to wait for probate to be completed. Please inform us if you intend to claim assistance for funeral expenses from the Social Fund (DWP). These payments are a contribution towards costs and will not cover the entire cost of the funeral so there will be a balance to be paid by you. The rules for eligibility are complex and we suggest that you speak with your Funeral Arranger or your local Department for Work and Pensions (DWP) office for advice. In the event of an unsuccessful claim, payment of the full amount of the funeral account will be your responsibility.

We accept payment by most major Debit or Credit Cards*, Online Bank Transfer, BACS, Cash or Cheque. Please ask your Funeral Arranger for details.

*excluding American Express and Diners Club International
